FUNCAFÉ

LAS FLORES COFFEE FARMING SCHOOL

Educating the future of Guatemalan coffee growing

INTRODUCTION TO THE PROJECT

45% of the students enrolled in Funcafe's education program “Bachelor of Science and Letters with orientation in productivity and entrepreneurship with a diploma in coffee farming” attend the Coffee Farming School “Las Flores” located in Barberena, Santa Rosa.

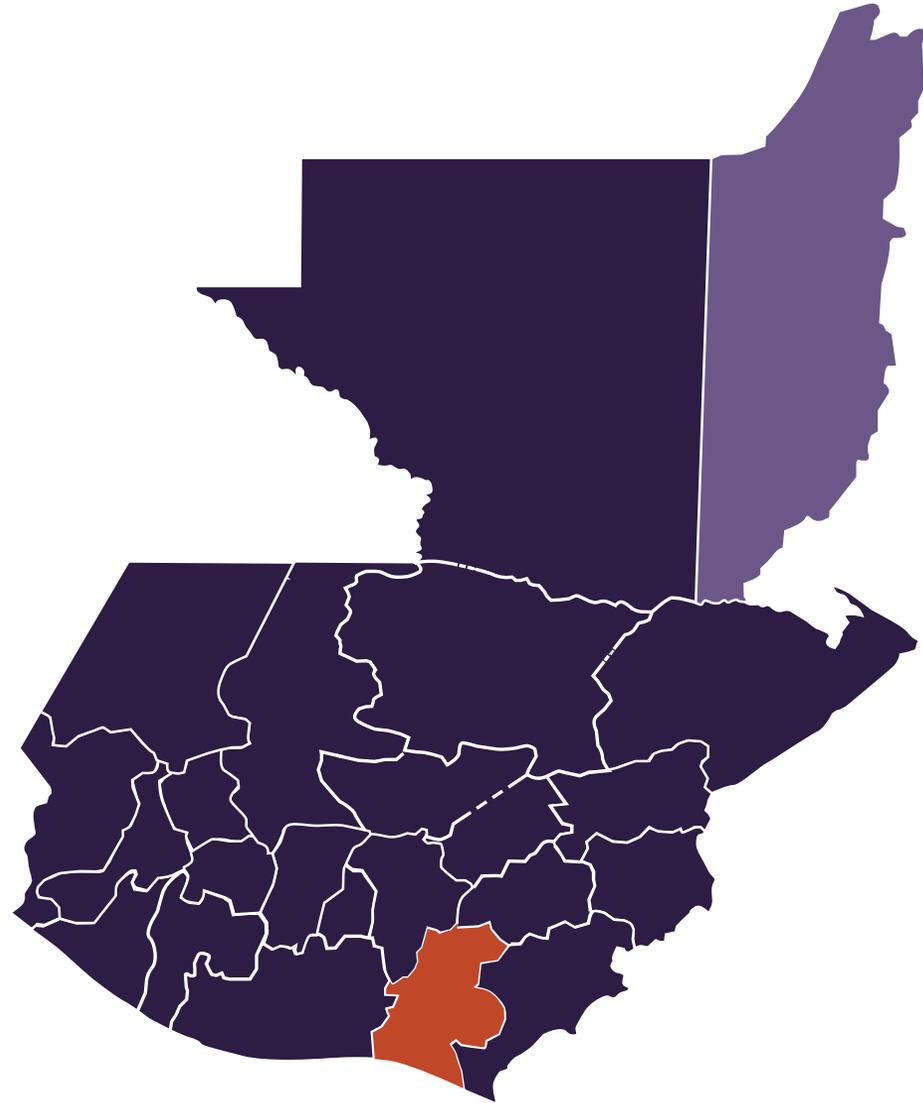

FUNCAFÉ

INTRODUCTION TO THE PROJECT

Santa Rosa is one of the largest coffee producing regions of Guatemala. It is therefore an area of importance and needs to be strategically invested in to ensure its sustainability.

PROJECTING THE FUTURE OF GUATEMALA THROUGH EDUCATION

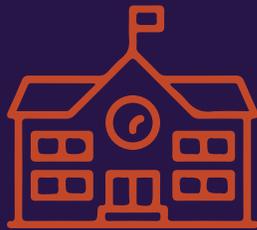

Look to create a space that allows the development of new generations of Guatemalan coffee growers, through experimentation and the constant search for sustainable solutions, in a dynamic and technological way.

FUNCAFÉ
